

AZOH: Flag of Islamic Republic of Iran was burned at the entrance of  
Tabriz city.

According to SASM at Saturday noon 20th october, a great flag of  
Islamic Republic which was located near one of the entrance of  
Tabriz city was fired and burned completely.

Following this incident, security forces and plainclothes officers  
have put this location under strict control.

It should be noted the status of Urmia lake has been critical in recent  
weeks and protests against this case are intensified. Last week  
thousands protesting SMS were published in cities of Southern  
Azerbaijan especially in Tabriz and the public was invited to start  
protests.
